

Emerson Knut Engstrom

Associate

emerson.engstrom@dinsmore.com

Dayton, OH

Tel: (937) 586-2623

Emerson focuses his practice on patent preparation and prosecution.

Prior to joining the firm, he worked as a production, artificial lift, and hydraulic fracturing engineer for multiple Fortune 500 Oilfield Companies. Consequently, Emerson has an extensive background in the geophysical, mechanical, and chemical engineering disciplines. Emerson's practice encompasses a wide range of technologies including drilling, enhanced oil and gas recovery, hydraulic fracturing, chemical refining, catalyst chemistry, automotive, medical devices, consumer appliances, and firearms.
