## Experience

### **Defended an Equipment Supplier Against Anti-trust Allegations**

We represented a national equipment supplier suspected of anti-trust violations. The government's anti-trust division believed the company was colluding with competitors to pre-determine bids for certain opportunities. We conducted a three year investigation, interviewing more than 60 sales personnel across the country and reviewing thousands of emails. Ultimately, our report to the Department of Justice resulted in the end of the investigation.
