Experience

Counseled a Private Equity Fund in the Acquisition of an Industrial Property Portfolio

We represented a New York-based private equity fund in acquiring an industrial property portfolio comprised of fee simple and ground lease interests in the greater Akron, Ohio market. We were responsible for negotiating a purchase agreement, performing due diligence activities, including analysis of significant zoning concerns, obtaining tenant estoppels, assisting with the structure and commitment of the acquisition financing, including negotiation of all related loan and security documents, as well as ground lease, non-disturbance agreements.

Project Counsel to a Global High-Tech Manufacturer

We served as project counsel to a global high-tech manufacturing company with respect to its acquisition and renovation of an existing industrial facility in Springfield, Ohio. Representation included negotiating an access agreement to facilitate a due diligence pre-start, negotiating a purchase agreement, performing due diligence activities, including zoning analysis, facilitating the procurement of state and local economic incentives, resolving title issues, closing the property acquisition, and post-closing advising the client as to annexation and rezoning of adjacent, undeveloped land.

The Banks Project

Served as owner's counsel to Nicol Investment Company on The Banks project on the downtown Cincinnati riverfront. Representation involves leasing and development matters with national and regional tenants, including first-to-market occupants, as well as the completion of one of the first vertical subdivisions in Hamilton County, Ohio, which distinguished as separate tax parcels the upper floor luxury apartments from the street level retail businesses.
