Equity & Inclusion

Everyone deserves a fair chance to succeed. By championing equity and inclusivity inside and outside our Firm, we embrace diverse perspectives to create meaningful change for our clients, communities, and beyond.

Dinsmore's career advancement programs, firm affinity groups, committees, and initiative groups provide pathways to leadership opportunities and greater inclusion within the Firm. These include:

- Dinsmore's Buford-Jemison Scholarship Program, a unique opportunity for a first-year law student to split their summer associate experience between Dinsmore and global consumer goods corporation The Procter & Gamble Company.
- Dinsmore also offers an HBCU Diversity Scholarship opportunity for first-year law students attending an HBCU law school and/or any first-year law student who has obtained an HBCU undergraduate or graduate degree.

Our initiatives are guided by measurable outcomes, and our recruitment and retention results validate their role in promoting workplace excellence and community inclusivity.
